	R99-11-022	Order Instituting Rulemaking into implementation of Public Utilities Code Section 390

**Summary:** On May 16, 2006, R. Thomas Beach, a consultant to the California Cogeneration Council (CCC), met with Robert Lane, advisor to Cmmr. Bohn, and Belinda Gatti, advisor to Cmmr. Brown, in two separate meetings in San Francisco. Also present were Jerry R. Bloom and Joseph M. Karp of White & Case, LLP, counsel for the CCC. An excerpt from Mr. Beach's opening testimony (attached to the notice) was sent to Robert Lane after the meeting. Bloom and Karp explained that the joint settlement proposed by Pacific Gas and Electric Company (PG&E) and Independent Energy Producers (IEP) is not a true settlement that aligns with the Commission's traditional understanding of settlements. Bloom and Karp explained that the arrangement between PG&E and IEP is, rather, a set of bilateral agreements that

do not resolve any key issues of these proceedings. Bloom and Karp also explained that the bilateral agreements involving a few gas-fired Qualifying Facilities (QFs) for which PG&E and IEP seek approval are not generally applicable to other QFs, and thus should not be considered as a basis for a decision in this proceeding.

Written material (attached to the notice) was used. Jacobson described some of the key terms and conditions of the PG&E-IEPA Settlement Agreement (SA) regarding QF pricing and policy and explained that the SA applied only to QFs that voluntarily execute contract amendments and that it represented a fair compromise of the parties' positions. Kelly described why the SA was strongly supported by IEPA's members. Laszlos explained the litigation surrounding the PX switcher issue and the SA provision that resolves that dispute. Jacobson said that it was critical to obtain Commission approval of the contract amendments prior to the September 1 deadline.

**Summary: AUGMENTATION REQUIRED.** On May 22, 2006, Michael Alcantar, counsel to the Cogeneration Association of California and Energy Producers and Users Coalition (CAC/EPUC), met with Andy Campbell, advisor to Cmmr. Chong, in San Francisco. Also present were Nora Sheriff and Rod Aoki, counsel to CAC/EPUC. Written material was used. CAC/EPUC indicated no opposition to the approval of the settlement, but noted that it should not be characterized as precedent for any purpose related to avoided cost pricing or for long term Qualifying Facility (QF) contract policy issues. Alcantar also noted the potential deleterious impact the loss of existing cogeneration QFs and the failure to encourage new cogeneration QFs would have on Governor Schwarzenegger's Climate Action Team goals for CO2 reductions.
